The **Journal of Animal Research and Nutrition** with ISSN number 2572-5459 is one of the best open access journals in the medical journal. The journal is discipline involving in the research of land, water and air dwelling animals and also nutritional, dietary benefits of animal feed, nutritive values, feed evaluation, methods of conservation of nutritional value of neonatal, growing, finishing and breeding animals primarily in agriculture and food production. This journal is using Editorial Manager System for quality in peer-review process. Editorial Manager Systems is an online manuscript submission, review and tracking systems. Review processing is performed by the editorial board members of this journal or outside experts; at least two independent reviewer's approval followed by the editor is required for the acceptance of any citable manuscript. The journal would like to thanks Specially Walter H. Hsu, Professor Emer, Biomedical Sciences, College of Veterinary Medicine, Iowa state university, USA. David A. Benfield, Associate Vice President of Agricultural Administration 2120 Fyffe Road, Columbus, Ohio, USA. H.M.Hafez, Professor, Head of the Institute of Poultry Diseases, Free University Berlin, Germany. These editorial board members have been guiding the journal throughout the process also Reviewers like Dr. Heidi Staudacher, Dr. Farroq Ali for continues support to the journal. The journal is running **Volume 5 issue 2** now with lots of new upcoming plans.

The Journal is coining a Special Issue this Year on the Topic **Optimizig Human Health and Productivity without the use of Prophylactic antibodies** accepting information on discoveries and current developments in the form of Research articles, review articles, case reports, short communications, etc. in this field and provide online access to the researchers worldwide without subscriptions.

The Journal also recommends related conferences on the page. The upcoming recommended conferences are: **[July 15-16, 2020]15th**

Global Summit on Veterinary and Animal Sciences London, UK; [August 17-18, 2020]15th International Veterinary Congress, Paris, France; [September 21-22, 2020] World Congress on Animal Science, Edinburgh, Scotland. One attending the conference can also publishes their Abstract of their work in the related journal. The journal also sends the hard copy of their Research work if required with interest of the researcher. The journal also provides pretty some amount of discount on **OPEN ACCESS WEEK** celebrated each year. This year international Open Access week will be held on 19th-25th of Oct 2020.

Our Journal aims to acknowledge the research accomplishments of the young scientists, by conferring on them the "**Young Scientist Award**" to promising, upcoming scientists that have been actively engaged in R&D and publications in Open Access Journals. Young Scientist Award offers worthwhile incentives to Researchers that have shown great potentiality in their fields of expertise. The core mission of the Young Scientist Award is to advance scientific knowledge to address the major challenges that the society facing today.

Social networking sites are created to assist the **online networking**. These sites are virtual communities created to enhance interaction and understanding. You can share your views on your research with a veteran researcher and enrich the idea or you can offer you views on an articles published in our journals through various social networking sites like Face book, Twitter, LinkedIn, RSS Feeds etc.

OMICS International would like to share its immense web visibility through offering advertising facility. Our Journal acts as a platform between the advertiser and the consumers. It provides space to the advertisers to promote their products which lead to successful business.
